ICcL 2024 will provide a unique platform for professionals and academics to delve into the latest advancements and emerging trends in a wide range of computing and communications disciplines. The conference program will

feature a comprehensive lineup of keynote speeches, technical sessions, workshops, and networking opportunities, offering attendees an unparalleled opportunity to:

- Discover groundbreaking research and innovative technologies
- Connect and collaborate with industry leaders and fellow researchers
- Discuss challenges and identify solutions in computing and communications
- Stay abreast of the latest developments and best practices
- Explore potential collaborations and funding opportunities

The conference venue, located in the heart of Barranquilla, has been carefully selected to provide attendees with a convenient and stimulating environment. Participants will have ample opportunities to engage with local experts and experience the city's rich culture and vibrant atmosphere.

Program Highlights

ICcL 2024 will feature an exceptional program that covers a diverse range of topics, including:

- Artificial intelligence and machine learning
- Cybersecurity and data protection
- Cloud computing and distributed systems
- Internet of Things (IoT) and sensor networks
- Software engineering and software quality

- Computer networks and communication protocols
- Green computing and sustainability
- Data analytics and visualization

Attendees will have the opportunity to attend thought-provoking keynote speeches delivered by renowned experts in the field, who will share their insights on cutting-edge technologies and emerging trends.

Call for Submissions

Researchers, academics, and practitioners are invited to submit their original research papers and proposals for workshops or special sessions. Submissions will undergo a rigorous peer-review process to ensure the quality and relevance of the content presented at the conference.

The submission deadline is ****March 31, 2024****. Accepted submissions will be published in the proceedings of the conference.

Registration Information

Early registration for ICcL 2024 is now open. Attendees are strongly encouraged to register early to secure their place at this prestigious event.

For registration details, fees, and accommodation options, please visit the official conference website: **www.iccl2024.org**

About ICcL

ICcL is a biennial international conference that provides a forum for researchers, practitioners, and industry leaders to share and discuss the latest advancements in computing and communications. The conference

has been successfully held in different cities around the world, including Istanbul, Turkey; Bangkok, Thailand; and Berlin, Germany.

ICcL 2024 is organized by the Institute of Electrical and Electronics Engineers (IEEE) Computer Society and the University of the Atlantic.
