Prepare to be transported to the vibrant city of Tallinn, Estonia, where the international scientific community will converge for the 11th International Symposium on Software and Systems Process Engineering (SSbSE 2024). This renowned event promises to be an unparalleled gathering of minds, offering a stage for the latest research, thought-provoking discussions, and groundbreaking advancements in the realm of software and systems engineering.

**A Tapestry of Knowledge and Innovation**

SSbSE 2024 serves as a beacon of knowledge, attracting leading researchers, practitioners, and industry experts from across the globe. Participants will have the privilege of delving into a comprehensive program that covers the full spectrum of software and systems engineering:

- Software and Systems Development and Evolution
- Process and Lifecycle Management
- Requirements Engineering and Management
- Software and Systems Architecting
- Software and Systems Testing and Verification
- Software and Systems Quality Assurance
- Software and Systems Maintenance and Evolution
- Software and Systems Security
- Software and Systems Economics and Metrics

### **Keynote Speakers of Renown**

The symposium will be graced by a constellation of keynote speakers, each an authority in their respective fields:

- **Professor Dame Wendy Hall**, University of Southampton, UK
- **Professor Viktor K. Prasanna**, University of Southern California, USA
- **Professor Carlo Ghezzi**, Politecnico di Milano, Italy

### **An Unforgettable Destination**

Tallinn, Estonia, provides the perfect backdrop for this scientific gathering. A city steeped in history and innovation, Tallinn offers a captivating blend of medieval charm and modern infrastructure. From the cobbled streets of Old Town to the soaring heights of Tallinn TV Tower, participants will find ample opportunities to explore and engage with the local culture.

## **A Legacy of Success**

The SSbSE symposium is a long-standing tradition of scientific exchange, with a rich history of groundbreaking contributions to the field of software and systems engineering. This year's edition promises to continue this legacy, fostering collaborations, inspiring new ideas, and shaping the future of our industry.

## **Call for Papers**

Researchers are cordially invited to submit their original research contributions to SSbSE 2024. The symposium welcomes papers in all areas related to software and systems engineering. The deadline for paper submissions is **March 15, 2024**. For detailed submission guidelines, please visit the SSbSE 2024 website.

## **Registration and Accommodation**

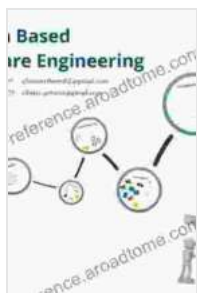

Registration for SSbSE 2024 will open in **May 2024**. Discounted registration fees will be available for early registrants. A variety of accommodation options are available within walking distance of the symposium venue. For more information, please visit the SSbSE 2024 website.

## **Join the Scientific Odyssey**

Mark your calendars for the 11th International Symposium on Software and Systems Process Engineering and embark on a scientific odyssey that will broaden your horizons and shape the future of software and systems engineering. We eagerly anticipate your participation in this transformative event.

For further inquiries, please contact the SSbSE 2024 organizing committee at [ssbse2024@taltech.ee](mailto:ssbse2024@taltech.ee).

**We look forward to welcoming you in Tallinn, Estonia for SSbSE 2024!**
