Print length : 586 pages

Semantics is the study of meaning. It is a fundamental area of linguistics, computer science, and artificial intelligence. Semantics has applications in a wide range of areas, including natural language processing, machine learning, and computational linguistics.

Topics

The conference will cover a wide range of topics in semantics, including:

- Natural language semantics
- Formal semantics
- Computational semantics
- Machine learning for semantics
- Applications of semantics

Invited Speakers

The conference will feature invited talks from leading researchers in semantics, including:

- Prof. Dr. Johan van Benthem, University of Amsterdam
- Prof. Dr. Patrick Blackburn, University of Oxford
- Prof. Dr. Katrin Erk, University of Texas at Austin
- Prof. Dr. Manfred Pinkal, Karlsruhe Institute of Technology
- Prof. Dr. Emiliano Sadigh, University of Oxford

Call for Papers

The conference invites submissions of original research papers on all aspects of semantics. Papers should be submitted electronically via the conference website. The deadline for submissions is March 15, 2024.

Important Dates

- March 15, 2024: Deadline for paper submissions

- June 1, 2024: Notification of acceptance
- September 12, 2024: Conference date

Venue

The conference will be held at the Karlsruhe Institute of Technology (KIT) in Karlsruhe, Germany.

Registration

Registration for the conference will open in May 2024. The registration fee will include access to all conference sessions, materials, and social events.

Accommodation

A list of recommended hotels will be available on the conference website.

Contact

For more information, please contact the conference organizers at semantics2024@kit.edu.
