Call for Papers

The 41st International Conference on Petri Nets and Other Models of Concurrency (Petri Nets 2024) will be held on June 24-25, 2024, in Paris, France, following a successful PN 2023 event.

Petri Nets 2024 is the premier venue for presenting and discussing the latest advances in the theory and application of Petri nets and other models of concurrency. The conference covers a wide range of topics, including:

- Theoretical foundations of Petri nets and other models of concurrency
- Applications of Petri nets and other models of concurrency in various domains

- Tools for the modeling, analysis, and simulation of Petri nets and other models of concurrency

The conference will feature a mix of invited talks, contributed papers, and tutorials. Authors are invited to submit original papers that present significant contributions to the field of Petri nets and other models of concurrency.

Important Dates

- **Paper submission deadline:** March 1, 2024
- **Notification of acceptance:** May 1, 2024
- **Camera-ready papers due:** June 1, 2024
- **Conference dates:** June 24-25, 2024

Submission Guidelines

Submissions must be original and unpublished work, and must not be submitted to any other conference or journal at the same time.

Submissions should be formatted according to the Springer LNCS style. The length of the submission should be 12-15 pages, including references.

Submissions should be submitted electronically via the EasyChair system.
