## Call for Papers

The 9th International Workshop on FinanceCom will take place on June 22, 2024, in Manchester, UK. The workshop will bring together researchers and practitioners from academia, industry, and government to discuss the latest advances in financial computing and data science.

We invite submissions of original research papers on all aspects of financial computing and data science, including but not limited to:

\* Machine learning and artificial intelligence in finance \* Blockchain and cryptocurrency \* Fintech and digital finance \* Risk management and

financial modeling \* Data analytics and visualization \* High-performance computing for finance

Submitted papers should be no more than 10 pages in length, including references. Papers should be formatted according to the Springer LNCS style.

Authors of accepted papers will be invited to give a short presentation at the workshop.
