The conference will cover a wide range of topics, including:

- Space exploration
- Space science
- Space engineering
- Space policy

- Space law

The conference will feature keynote speeches from leading experts in the field, as well as technical presentations from researchers from around the world. The conference will also provide opportunities for networking and collaboration.

The Delft Space Technology Proceedings is a must-attend event for anyone interested in the latest advances in space technology. The conference will provide a unique opportunity to learn about the latest research and developments in the field, and to network with leading experts from around the world.

Important Dates

- Abstract submission deadline: May 1, 2024
- Notification of acceptance: June 1, 2024
- Camera-ready paper submission deadline: July 1, 2024
- Conference dates: September 24-25, 2024

Submission Guidelines

Authors are invited to submit abstracts of their research for consideration for presentation at the conference. Abstracts should be no more than 500 words in length and should include the following information:

- Title of the paper
- Authors
- Affiliations

- **Abstract**

Abstracts should be submitted electronically through the conference website. The website will open for abstract submissions on March 1, 2024.

Registration

Registration for the conference will open on June 1, 2024. The registration fee will include access to all conference sessions, as well as the conference proceedings. The registration fee will be waived for students.

To register for the conference, please visit the conference website.

Accommodation

A block of rooms has been reserved at the Hilton Delft for conference attendees. To book a room, please call the hotel directly and mention the conference name. The hotel is located within walking distance of the conference venue.

Transportation

Delft is easily accessible by train from Amsterdam Airport Schiphol. The train ride takes about 45 minutes. The conference venue is located within walking distance of the Delft train station.

Visa Information

Citizens of most countries do not need a visa to enter the Netherlands. However, citizens of some countries, including China, India, and Russia, do need a visa. Please check with your local Dutch embassy or consulate to see if you need a visa.

Contact Information

For more information about the conference, please contact the conference secretariat at info@spacetechologyproceedings.org.
