The Indian Geotechnical Conference is the premier event for the geotechnical engineering community in India.

The conference is held every two years, and it provides a forum for researchers, engineers, and other professionals to share their latest findings and developments in the field of geotechnical engineering.

The Proceedings of the Indian Geotechnical Conference 2024 will be a valuable resource for researchers, engineers, and other professionals working in the field of geotechnical engineering. The conference proceedings will include papers on a wide range of topics, including:

- Soil mechanics

- Foundation engineering
- Earthquake engineering
- Geotechnical environmental engineering

The Proceedings of the Indian Geotechnical Conference 2024 will be published in a two-volume set. The first volume will include papers on soil mechanics and foundation engineering. The second volume will include papers on earthquake engineering and geotechnical environmental engineering.

The Proceedings of the Indian Geotechnical Conference 2024 will be available for Free Download from the Indian Geotechnical Society website.

Benefits of Attending the Indian Geotechnical Conference 2024:

- Learn about the latest research and developments in the field of geotechnical engineering.
- Network with other researchers, engineers, and professionals in the field.
- Get access to the Proceedings of the Indian Geotechnical Conference 2024.

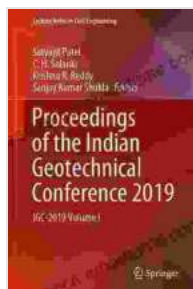

Who Should Attend the Indian Geotechnical Conference 2024?

The Indian Geotechnical Conference 2024 is a must-attend event for researchers, engineers, and other professionals working in the field of geotechnical engineering. The conference will provide a valuable opportunity to learn about the latest research and developments in the field,

network with other professionals, and get access to the Proceedings of the Indian Geotechnical Conference 2024.
