

# Proceedings of the AHFE 2024 International Conference on Human Factors and Ergonomics

The AHFE 2024 International Conference on Human Factors and Ergonomics (AHFE 2024) is the premier event for professionals in the field of human factors and ergonomics. The conference will be held in Orlando, Florida, USA, from July 15-19, 2024.

The AHFE 2024 conference will bring together researchers, practitioners, and students from around the world to share the latest research and innovations in human factors and ergonomics. The conference will feature keynote speakers, technical sessions, workshops, and tutorials on a wide range of topics, including:

## Advances in Human Factors in Architecture, Sustainable Urban Planning and Infrastructure: Proceedings of the AHFE 2024 International Conference on Human ... Intelligent Systems and Computing Book 966)

Print length : 906 pages

- Human-computer interaction
- Cognitive engineering
- Human performance
- Human-machine systems
- Human-centered design

The AHFE 2024 conference is an excellent opportunity to learn about the latest research and innovations in human factors and ergonomics, and to network with other professionals in the field. The conference will also provide attendees with the opportunity to earn continuing education units (CEUs).

### **Call for Papers**

The AHFE 2024 conference is now accepting submissions for papers. Papers may be submitted on any topic related to human factors and ergonomics. The deadline for submissions is March 15, 2024.

For more information about the AHFE 2024 conference, please visit the conference website at <https://www.ahfe.org/ahfe2024>.

### **Conference Proceedings**

The proceedings of the AHFE 2024 conference will be published in a special issue of the journal *Human Factors and Ergonomics in Manufacturing & Service Industries*. The proceedings will be available online and in print.

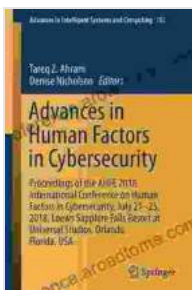

The proceedings will include papers on a wide range of topics, including:

- Human-computer interaction
- Cognitive engineering
- Human performance
- Human-machine systems
- Human-centered design

The proceedings will be a valuable resource for researchers, practitioners, and students in the field of human factors and ergonomics.

## About the AHFE

The AHFE is a professional organization dedicated to the advancement of human factors and ergonomics. The AHFE has over 5,000 members from around the world. The AHFE publishes the journal *Human Factors and Ergonomics in Manufacturing & Service Industries* and hosts the annual AHFE International Conference on Human Factors and Ergonomics.
