The First International Workshop on TAILOR 2024 will be held virtually in September 2024. This workshop will bring together experts from academia and industry to discuss the latest advances in AI-powered language learning and explore how this technology can be used to create more effective and engaging learning experiences for students of all ages.

AI has the potential to revolutionize the way we learn languages. By providing students with personalized feedback and tailored learning experiences, AI can help them learn more quickly and effectively than ever before. In this workshop, we will explore the latest AI-powered language learning technologies and discuss how they can be used to improve language learning outcomes.

We invite you to join us at this exciting event and be a part of the future of language learning. Together, we can create a world where everyone can learn any language they want, whenever they want, and however they want.

What is TAILOR?

TAILOR is a European research project that is developing a new generation of AI-powered language learning tools. These tools will be used to create personalized learning experiences for students of all ages and levels, and they will be available to everyone, regardless of their location or financial situation.

The TAILOR project is funded by the European Union's Horizon 2020 research and innovation programme. The project consortium includes 10 partners from 8 different countries, and it is led by the University of Edinburgh.

Why attend the First International Workshop on TAILOR 2024?

The First International Workshop on TAILOR 2024 is a unique opportunity to:

- Learn about the latest advances in AI-powered language learning

- Meet and network with experts in the field

- Explore how AI can be used to create more effective and engaging learning experiences

- Be a part of the future of language learning

Who should attend?

This workshop is for anyone who is interested in the future of language learning, including:

- Researchers in the field of AI-powered language learning

- Educators who are interested in using AI to improve their teaching

- Language learners who want to learn more about the latest AI-powered language learning tools

- Policymakers who are interested in the potential of AI to improve language learning outcomes

How to register

Registration for the First International Workshop on TAILOR 2024 is now open. The workshop will be held virtually, and registration is free of charge. To register, please visit the workshop website.

We look forward to seeing you there!
