This volume encapsulates Lonergan's groundbreaking exploration of method, illuminating the path towards a deeper understanding of the nature of reality and our place within it. Through his rigorous analysis of the cognitive process, Lonergan unveils the essential elements of human knowing and the transformative power of authentic intellectual conversion.

With meticulous scholarship and unparalleled clarity, Lonergan's insights illuminate the intricacies of metaphysical discourse. He challenges traditional notions of being and existence, offering a profound and nuanced understanding of the ultimate questions that have captivated philosophers and theologians for centuries.

Volume 14 is an indispensable resource for scholars, theologians, philosophers, and anyone seeking to engage with the profound legacy of Bernard Lonergan. Its insights continue to inspire and provoke, inviting

readers to embark on an intellectual journey that transcends the boundaries of traditional disciplines.

Key Features:

- In-depth exploration of Lonergan's method in theology and metaphysics
- Unveiling the cognitive foundations of human knowing
- Groundbreaking analysis of the nature of reality and existence
- Essential reading for scholars, theologians, philosophers, and intellectual seekers

About the Author:

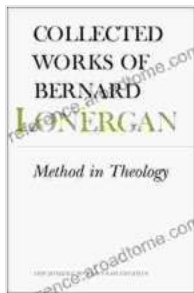

Bernard Lonergan (1904-1984) was a Canadian Jesuit priest, philosopher, and theologian whose groundbreaking work has left an enduring mark on contemporary intellectual discourse. His rigorous approach to understanding the human cognitive process and the foundations of knowledge has revolutionized fields such as theology, philosophy, and the study of religion.
